# RELIABLE DATA ACQUISITION TOOL FOR HVAC MEASURING POINTS

## ABOUT US

Established since 1985, LKH Precicon Pte Ltd has been a leading supplier for protection, control and monitoring products in the industrial automation industry. We strive to provide superior application solutions and knowledge-based services and support to the local industries. Over the years, we have brought together leading manufacturers from all over the world to bring the best of class product to provide an one stop solution for our customers.

## HOW IT WORKS

## KEY FEATURES

### PLUG AND PLAY

Allows easy configuration with Keysight Logger 34972A, just plug and play and you will be able to connect to the controller

### COMMUNICATION PROTOCOL

Provides communication protocol output via modbus RTU or modbus TCP/IP

### REDUNDANCY LOGGING

Allows redundancy logging using a SD card to add as a backup or export function for your precious data

### PRECISE DATA

Our logging function captures precise data and features timestamp logging down to the exact second

## GENERAL SPECIFICATIONS

Dimensions	305mm x 305mm x 150mm
Weight	4.90 kilograms
Operating Temperature	0°C to 50°C
Power Consumption	115W (Max)
Mounting Options	Optional wall mount
Screen size	7.0 inches
Screen Resolution	800 (w) x 480 (h) dots (24 bit full color)
Number of Ethernet Ports	5
Communication Protocol	TCP/IP, Modbus RTU, Modbus TCP/IP
Supports Logging For	Temperature, analog (current), resistance & more
Memory Storage	External SD Card
